

## PowerElf II Case Study - Houghton Portage Township Schools

**Challenge:** Houghton Portage Township Schools were looking for a solution to provide Email and virus protection for their network.

**Solution: PowerElf II.** The PowerElf II with its military grade anti-virus and turn key mail server the PowerElf II was a great fit for this school.

When total cost of ownership is a priority, PowerElf II builds a network in minutes enabled with internet, email, file sharing, network printing and provide protection with firewall intrusion detection, content filtering, anti spam and anti virus. Like the Swiss army knife, the PowerElf™ II is a multi-functional network tool available at an unbeatable value.

To learn more about the PowerElf server appliance, and to find out how it can work for your business please call toll free **1-877-693-7353**

**Industry:** Elementary/Senior High School

**Application:** Virus Filter - Web/Email Hosting

**Region:** USA

**About:** Houghton-Portage township schools are located in Houghton MI and provide educational service for students K-12. The mission of the Houghton-Portage Township Schools, in partnership with home and community, is to prepare all students to be effective citizens by providing a balanced curriculum and quality programs, with expectations of excellence and respect for individual needs and abilities.

### What they have to say about the PowerElf II:

I have been very pleased with both the product, a Power Elf II and the support that I have received from Greencomputer.
